

Dear Taekwondo Family –

I am proud and excited to say that the reopening of Lim's Taekwondo has been successful since Monday, July 20, 2020. I want to thank everyone who has been so cooperative and helpful during this time!

We are still instituting procedures to protect the safety of students, our instructors, and their families. We continue to rely on all our students and families to support us as we move forward to normalcy.

- Registration for in-person classes continue to be online.
- We still do offer online classes for the students that prefer to stay at home. However, we do encourage our students to come back as it has been kept clean and safe!
- Classes are still limited, but much more flexible (Peewee 10, Children 15, Adult 20)

Parents can stay in the waiting room while their child goes in for class. We still take the student's temperature and we ask that the Covid-19 screening be completed before coming in.

We will continue to send out weekly emails that contain school news and the upcoming week's schedule!

We are committed to continuing our job in providing a healthy and safe environment for our students. As long as we work together, we can continue to create a safe environment for training in Taekwondo.

Thank you all for being part of Lim's MAIA Taekwondo Family. I am grateful for the support and help from everyone.

Yours,
Master Lim
